Description of contributions (each member provides a brief description of their contributions):

Jarren Pin Yu TAN:

Wrote on task 8, 9, 10 under Functional Requirements and Task Descriptions Section, Designed Domain model and wrote domain entities under Data Model Section, while creating workflow regarding the functional requirements and tasks descriptions. Besides that, I planned of what each member must do and ensure everyone complete tasks on time. Before working on the Report, i drafted and explained to everyone what our goal will be to keep everyone on track.

Yon Lim:

Wrote the Quality Attributes (Non-Functional Requirements) section and the task descriptions for Task 7 (Complete Payment for a Booking) and Task 8 (Submit Review & Feedback). He also drew the swim lane workflow diagrams for both tasks and proposed possible solutions for the system, with supporting references.

Edwin Kong Zheng Quan:

Contributed to the group project by working on the other requirements, validation of requirements, and possible solutions. I also completed parts of Task 2 and Task 3, as well as Workflow 2 and Workflow 3. I worked with the group to ensure that these sections were completed and aligned with the overall project requirements.

Chester Chee Shiu VONG:

Wrote introduction, project overview and task 1 while also drawing workflow. Given possible solution with supporting references.

Dylan Ding Qian Jong:

Contributed to working on the problem domain and task 4 and 5. I also drew the workflow for both tasks.

2) Evidence of collaboration / teamwork on <u>each significant work item</u> (e.g., discussions, mutual revisions and reviews, etc.):
